---

**WE ARE ONE VOLLEYBALL TEAM**

**Peter MORELL**

*Development Director*

*Responsible for Volleyball at School  
DEN, GRL & FAR*

## Kidsvolley the key to success.

Our vision is to make Kidsvolley to be the worlds best ballgame for children between 6 and 12 years

The schools is the key to success

# Kidsvolley the key to success.

U17 men and woman  
U15 - men and woman

## Organisation

Board members are all volunteers  
No employees

# Why Volleyball at school

Why should the volleyball club interfere in my work at school?

School teacher

Why do I have to work with schools and how do I do it?

Trainer and club

# Kidsvolley at school in a club perspective

## How can we be a succes in the schools?

- We had to present something new and motivational for teachers and pupils
- The game had to be quickly set into motion
- Not using too many materials
- For the teachers, it should be easy to organize
- We should be able to provide them with plenty of tools and aids

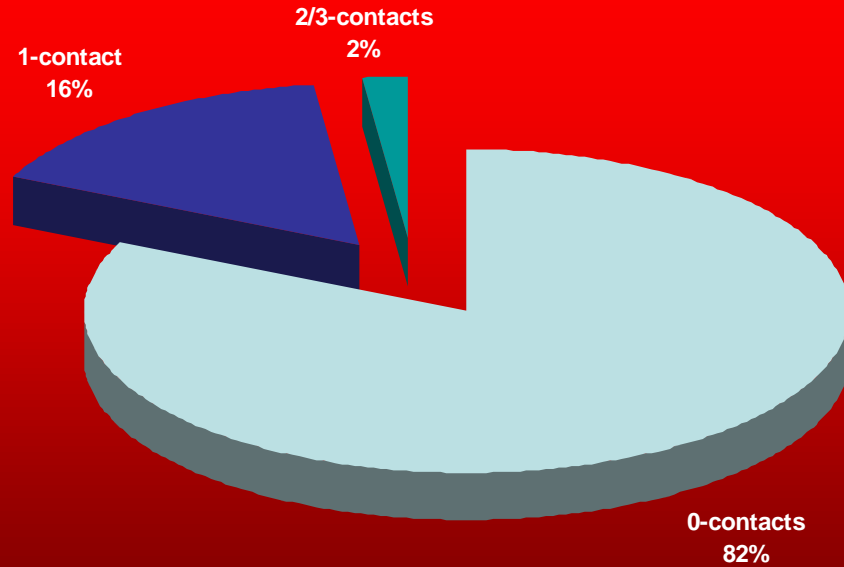

# Kidsvolley at school in a club perspective

## Kidsvolley the best ballgame for children

- Kidsvolley is a game for children aged 6-12 years.
- In Kidsvolley the starting point is the child - not the traditional volleyball game
- Kidsvolley is played on a badminton court 4 against 4
- Kidsvolley has 5 levels. At each level is a new challenge for the children

# Kidsvolley at school in a club perspective

# Kidsvolley at school in a club perspective

## Better and more efficient recruitment

Do it properly and do your best.

In the school we have the entire target group. That is effective recruitment

We will communicate with the one who decides in the family.  
Mother

The kids have to bring something home

The children must meet the same person in the school and in the club

# Kidsvolley at school in a club perspective

## How do I get the child to continue with volleyball

Take good care of those who come to your training

High-quality volleyball training

A good sports environment for children

- Cooperation with parents
- Children Policy
- Organization
- High level of activity
- The good adult
- The physical environment

# Kidsvolley at school in a club perspective

- Kidsvolley, with its pedagogical structure, is perfect for the school.
- It's easy to organize.
- Many children in little space. 40-50 students can play at one time
- All students can participate and everyone can have a success
- Kidsvolley is not following age but the children's ability
- In Kidsvolley you have fun while playing
- In Kidsvolley you have a lot of movement
- Progression success – it is important to feel that you are getting better
- You will receive teaching material with lots of exercises
- You get balls and nets from CEV

# Volleyball at school on the Faroe Islands

We have made intervention in 25 out of in total 28 schools.

All participating schools have received a complimentary basic package consisting of:

- Four days Kidsvolley introduction for the 2<sup>st</sup> to 4<sup>rd</sup> grade pupils
- Kidsvolley volleyballs and net from CEV
- A three hour Flogbørn school tournament
- The teaching material 'Kidsvolley in School'
- Kidsvolley lesson plan and periodic plan suggestions

# School tournaments

- School tournaments finish the teaching program at the schools
- All schools from the municipality or schools in a local area participate in the school tournament.
- Everyone from the class participates and collects points for the school. We have a class that wins and not a team
- The school tournaments should be scheduled in the time period from 9:00 to 12:00.
- The school tournaments is held where we already have Kidsvolley clubs, so that we could link each school with a club.
- The Kidsvolley clubs is in charge of administering the school tournaments, following a manual.
- The Federation is in charge of communicating with the schools.

School tournament is a short and a long time investment

- We are visible in the schools
- We show how volleyball also can be
- We educate the teachers
- We recruit members to our clubs
- We get sponsors

# Together for the future development of Volleyball locally and Worldwide

**Thank you!**
